

THE BIO-COMPOST ANSWER®

PRODUCT DESCRIPTION and PURPOSE: The BIO-COMPOST Answer® is a liquid blend of enzymes that stimulate microbial activity in manure and plant waste composting, waste site storage, other composting applications and pond clarification.

The BIO-COMPOST Answer® is a highly concentrated system of all organic, enzymatic substances and vitamin precursors made available to nature's largest workforce - indigenous microbial life which are effective in keeping the composting matter in a highly oxygenated state. This is very useful in odor remediation and in increasing the speed of composting.
