

THE DISINFECTANT ANSWER® - WRJ-Ag-ROX EO Acidic Water Disinfectant

PURPOSE:

The Disinfectant Answer® - WRJ-Ag-ROX EO Acidic Water Disinfectant is a multi-purpose disinfectant approved by the FDA, USDS, NSF, EPA as a non-chemical means of disinfecting and sanitizing all surfaces including, but not limited to, food and food processing surfaces such as meats, fish, poultry, vegetables, fruits, cutting boards, equipment, facilities, etc. *The Disinfectant Answer®* is 100% biodegradable.

INGREDIENTS:

WRJ-Ag-ROX Electrolyzed Oxidizing Acidic Water

DIRECTIONS:

1. Apply full strength directly to the surface to be disinfected by fogging, misting, spraying, dipping, or holding under *The Disinfectant Answer®* while it is being poured over the surface.
2. Rinsing is not required or recommended even for food products.
3. When used on food or food processing surfaces, test surfaces frequently to be certain the pathogenic kill meets required standards.

Consult your local Distributor for additional information.

STORAGE:

Store out of direct sunlight in cool location. DO NOT FREEZE: Store above 40 F.

CAUTION:

Not for Human Consumption. Keep out of reach of children.
If splashed in eyes immediately rinse with plenty of water for up to 15 minutes. If accidentally swallowed, drink water to dilute and call physician if negative symptoms occur.

WARRANTY:

The disinfecting power of this product is not guaranteed for longer than 14 days under proper conditions, and will be reduced with improper use or handling.

The merchantability and fitness warranty for this product applies only when it is used according to the directions on this label, and when used under normal use conditions.
